<b>7. Use of Photos and Video</b> Only The Parish Clerk & Chair has permission to upload photos and videos. The appropriate permissions must be obtained for all imagery.
<b>8. Personal Accounts on Social Media</b> Staff and Councillors need to use social networking in a way that does not conflict with the terms of their contract of employment and/or the Code of Conduct. The absence of, or lack of, explicit reference to a specific website or service does not limit the extent of the application of this policy. Where no policy or guidelines exist, employees should use their professional judgment and take the most prudent action possible. If the Parish Council is referred to in a way that is deemed defamatory or confidential information is disclosed, it reserves the right to report the comment and request that it be removed.
Councillors are at liberty to set up accounts using any of the tools available but should ensure they are clearly identified as personal and do not in any way imply that they reflect the Council's view or are made on behalf of the Council. Councillors should at all times present a professional image and not disclose anything of a confidential nature. Comments of a derogatory, proprietary or libellous nature should not be made and care should be taken to avoid guesswork, exaggeration and colourful language.
<b>9. Purdah</b> In the six week run up to an election — local, general — councils have to be very careful not to do or say anything that could be viewed in any way to support any political party or candidate. The period is known as purdah. The Council will continue to publish important service announcements using social media but will monitor and potentially have to remove responses if they are overtly party political.
10. Responding to direct messages Social Media users requesting to send a direct message to the Parish Council via the Facebook platform are directed to contact the PC via the Clerk's email address instead. All formal requests, comments, enquiries or complaints should be emailed to the Parish Council using the email addresses and/or contact form on the website.
11. Rules The Parish Council may monitor forums and blogs to gain indirect feedback. The Parish Council may post replies on forums or blogs to answer queries or address factual corrections, but would generally take a cautious approach before getting involved in contentious issues. The Parish Council reserves the right to take any necessary steps to protect members of the Parish community and will delete any comments referencing the Parish Council, which are deemed abusive or offensive in any way.
This Social Media Policy was approved and adopted by Chirton & Conock Parish Council at a full Parish Council Meeting held on 14 <sup>th</sup> May 2024.
